20+
YEARS OF TEAM EXPERIENCE

Founded in 2023, ONE STOP SHOP is an Egypt-based, full-service production house creating commercials, films, and branded content for clients and agencies in Egypt and beyond.

Our team brings more than 20 years of industry experience across advertising, television, and creative production. We combine this experience with dedicated in-house editing and AI teams to take projects from creative development and pre-production through filming, post-production, and final delivery.

We bring creative talent, production expertise, and technology together through one coordinated process, giving clients and agencies a single point of contact throughout their projects.

THE FOUNDER

Mohamed Adel

Founder & Executive Producer

ONE STOP SHOP was founded by Mohamed Adel, whose professional background includes work with Sony Pictures, Talpa, Media Hub, Synergy, and numerous television channels.

His experience informs the company's approach to production planning, creative collaboration, and execution.

THINK IT. MAKE IT. MOVE PEOPLE.

01
Commercials & branded content
Advertising campaigns, brand films and social content, from creative development to final delivery.

02
AI films & visual content
AI-powered imagery and motion, developed by our dedicated in-house AI team.

03
Post-production
In-house editing, coordinated finishing and final versions for your campaign's platforms.

04
Television, documentaries & podcasts
Production built around each story, from television programmes to podcast formats.

05
Events & coverage
Event production and coverage that captures people, atmosphere and the moments that matter.

06
Photography
Still-image production for campaigns and brands, alongside filming or as a dedicated shoot.

07
Production services in Egypt
Local production support for international clients and production companies shooting in Egypt.

ONE TEAM. ONE POINT OF CONTACT.
Creative talent, production expertise and technology, all working together.

SHARED VISION. MEMORABLE WORK.
